

BCRS Business Loans are proud to announce that our guest speaker at the upcoming Black Country Diners Club will be David Baumslag, Bank of England.

Demystifying stress testing: What it is, why we do it and why you should do it too.

**Taking place on
Tuesday 30th
October in Molineux's
Hayward Suite, David
Baumslag will discuss
the importance of
Bank of England
stress tests.**

Stress testing has been much in the news in recent years. But what is it, and why does the Bank of England do it? Drawing on his own practical experience, David aims to demystify stress testing and show that, despite its technical complexity, it is based on sound business practice. As such, it is relevant to organisations more generally and David will argue that in some respects it is best carried out by businesses themselves.

David Baumslag works in the Financial Stability, Strategy and Risk area of the Bank of England. His previous roles encompass an extensive range of issues relating to financial stability, stress testing and bank capital, as well as positions in the financial and information technology industries.
